## **INDEPENDENT AUDITORS' REPORT**

To the Board of Directors  
Esparto Community Services District

### **Report on the Financial Statements**

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Esparto Community Services District, California as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Esparto Community Services District's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

## Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Esparto Community Services District, California as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-6, budgetary comparison information on page 32, cost-sharing multiple-employer defined benefit pension plan on pages 33-34, and other post-employment benefit plan on page 35 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

## Other Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Esparto Community Services District, California's basic financial statements. The supplementary information, as listed in the table of contents, is presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

MANAGEMENT DISCUSSION & ANALYSIS  
JUNE 30, 2022**

# MANAGEMENT'S DISCUSSION AND ANALYSIS

## FOR THE FISCAL YEAR ENDED JUNE 30, 2022

### INTRODUCTION

As management of the Esparto Community Services District (the District), we offer readers this discussion and analysis of the District's financial performance for the fiscal year ended June 30, 2022. Readers are encouraged to consider the information presented here in conjunction with additional information, which can be found in the District's financial statements that follow this discussion.

### FINANCIAL HIGHLIGHTS

- The District's net position at the end of the year was \$1,998,925, an increase of \$43,259 due to current year operations. The portion of the District's net position that were unrestricted and available to meet ongoing obligations to citizens and creditors totaled a deficit of \$69,531.
- The governmental activities net position increased by \$11,028 due to operations and the business-type net position increased by \$32,231 due to operations.

### OVERVIEW OF THE FINANCIAL STATEMENTS

#### Government-Wide Financial Statements

The Government-Wide Financial Statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. These statements separate the District's activities into two areas:

**Governmental Activities** – these services are principally supported by taxes and intergovernmental revenues. District's basic services are parks and recreation, and general administration.

**Business-Type Activities** – these services rely upon user fees and charges to help cover all or most of their costs. The District's Water and Sewer systems are reported here.

Within the framework of these activities, a Statement of Net Position and a Statement of Activities report information about the District as a whole. These statements include all assets and liabilities of the District (i.e., infrastructure and long-term debt) and use the accrual basis of accounting in which all the current year revenues and expenses are taken into account regardless of when the cash is received or paid. The two statements can be generally described as follows:

**The Statement of Net Position** presents information on all of the District's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Esparto Community Services District is improving or deteriorating.

**The Statement of Activities** presents information showing how the District's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Notably, these statements differ from the Fund Financial Statements in that they include all assets of the District (including infrastructure) and all liabilities (including long-term debt) and exclude certain interfund receivables, payables and other interfund activity as prescribed by GASB Statement No. 34. A reconciliation between the two is provided on pages 9 and 10 of this report.

#### Fund Financial Statements

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Esparto Community Services District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds in the Esparto Community Services District can be divided into two categories:

governmental funds and proprietary funds. The fund financial statements provide detail information about each of the District's most significant funds, called *major funds*. The concept of major funds, and the determination of which are major funds, was established by GASB 34 and replaces the concept of combining like funds and presenting them in total. Instead, each *major fund* is presented individually, with all *nonmajor funds* summarized and presented in a single column.

**Governmental funds** - most of the District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using modified accrual accounting, which measures cash and all other financial assets that can be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general government operations and the basic services it provides. This information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. We describe the relationship between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and the governmental funds in reconciliation at the bottom of the fund financial statements.

**Proprietary Funds** – when the District charges customers for services it provides, whether outside customers or to other units of the District, these services are generally reported in proprietary funds. Proprietary funds provide the same type of information as shown in the government-wide financial statements (i.e. business-type activities), only in more detail. The District uses proprietary funds to account for its Water and Sewer operations.

**Notes to the Basic Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* providing budgetary comparison schedules for the Governmental Funds.

**FINANCIAL ANALYSIS OF THE GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements provide long-term and short-term information about the District's overall financial conditions. This analysis addresses the financial statements of the District as a whole.

**FINANCIAL ANALYSIS OF THE FUND STATEMENTS**

**Governmental Funds.** The fund financial statements present financial data for the general, special revenue, capital projects and fiduciary funds. At the close of Fiscal Year 2021/2022, the District's governmental funds reported a combined ending fund balance of \$59,235 – an increase of \$11,443.

**Business Type Funds.** The District's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. As discussed in the business-type activities previously, the business-type net position increased by \$32,231 due to operations.

**CAPITAL ASSETS AND LONG-TERM DEBT**

**Following is a summary of capital assets:**

# ESPARTO COMMUNITY SERVICES DISTRICT

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

### Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Esparto Community Services District (the District) have been prepared in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body for governmental accounting and financial reporting. On June 15, 1987, the GASB issued a codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units. The District applies all GASB pronouncements.

The District's main funding sources include property taxes, other inter-governmental revenue from state and federal sources, and user fees.

These financial statements are in compliance with GASB Statement No. 34, Basic Financial Statements – and Management Discussion and Analysis – for State and Local Governments. The financial statements include:

- A Management Discussion and Analysis (MD&A) section providing an analysis of the District's overall financial position and results of operations. This is required supplementary information.
- Government-wide financial statements prepared using the economic resources measurement focus and the accrual basis of accounting for all of the District's activities.
- A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements including these notes to the financial statements.

#### **Reporting Entity**

The District was established on August 18, 1969 to replace the Esparto Sanitary Service District and the Yolo Water Works District No. 1. The District operates under section 61000 et. Seq. of the California State Government Code. The District is located in the western section of Yolo County, and provides water, sewer, parks, and lighting service to the community of Esparto and surrounding areas.

The District is a governed entity administered by a Board of Directors (Board) that acts as the authoritative and legislative body of the entity. The Board is comprised of five board members who are elected by voters living within the District's boundaries. Elections are held within the Board to appoint the President. The President's responsibilities are to preside at all meetings of the Board; be the chief officer of the District; perform all duties commonly incident to the position of presiding officer of a board, commission, or business organization; and exercise supervision over the business of the District, its officers, and its employees.

The reporting entity for the Esparto Community Services District includes all the funds and operations under the jurisdiction of the District Council. There are no component or blended component units that are part of the District's operations.

#### **Basis of Accounting – Government-wide Financial Statements**

The statement of net position and the statement of activities display information about the District and the primary government as a whole. These statements distinguish between the governmental and business-type activities of the District. The District's parks, lighting and landscaping, and general administrative services are classified as governmental activities. The District's Sewer and Water services are classified as business-type activities.

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

### Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Basis of Accounting – Government-wide Financial Statements (Continued)**

The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide statement of activities presents a comparison between expenses, both direct and indirect, and program revenues for each segment of the business-type activities of the District and for each governmental program. Direct expenses are those that are specifically associated with a service, program, or department and are therefore clearly identifiable to a particular function. Program revenues include:

- Charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and
- Grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Revenues that are not classified as program revenues are presented as general revenues. Internally dedicated resources are reported as general revenues rather than as program revenue. Taxes and other items properly not included in program revenues are reported as general revenues.

In the government-wide Statement of Net Position, both the governmental and business-type activities columns are (a) presented on a consolidated basis by column, and (b) are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts – invested in capital assets, net of related debt; restricted net position; and unrestricted net position. When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

#### **Accounting Policies**

The District operates as a self-governing governmental unit within the State of California. The accounting policies of the Esparto Community Services District conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board and the Financial Accounting Standards Board.

#### **Basic Financial Statements – Fund Financial Statements**

The accounts of the Esparto Community Services District are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. District resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

# ESPARTO COMMUNITY SERVICES DISTRICT

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

### Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Basic Financial Statements – Fund Financial Statements (Continued)**

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenue or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. The nonmajor funds are combined in a column in the fund financial statements.

#### ***Governmental Funds***

**General Fund** is the general operating fund of the District. It is used to account for maintenance, parks and all financial resources except those required to be accounted for in another fund.

**Special Revenue Funds** are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

The District reports the following major governmental funds:

- General Fund

#### ***Proprietary Funds***

**Enterprise Funds** are used to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis financed or recovered primarily through user charges.

The District reports the following major enterprise funds:

- Sewer Fund
- Water Fund

#### **Basis of Accounting**

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

#### **Accrual**

Both governmental and business-type activities in the government-wide financial statements and the proprietary fund financial statements are presented on the accrual basis of accounting. Property taxes are reported in the period for which levied. Other non-exchange revenues, including intergovernmental revenues and grants, are reported when all eligibility requirements have been met. Fees and charges and other exchange revenues are recognized when earned and expenses are recognized when incurred.

# ESPARTO COMMUNITY SERVICES DISTRICT

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

### Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Basis of Accounting (Continued)**

##### **Modified Accrual**

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual: i.e., both measurable and available. "Available" means collectable within the current period or within 60 days after year end. Property taxes, franchise taxes, licenses, intergovernmental revenues, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government. Expenditures are recognized when the related liability is incurred. Exceptions to this general rule include principal and interest on general obligation long-term debt and employee vacation and sick leave, which are recognized when due and payable.

##### **Cash and Cash Equivalents**

For the purpose of the statement of cash flows, the District considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

##### **Prepaid Expenses**

Certain payments to vendors reflect costs applicable to future fiscal years and are recorded as prepaid expenses in the government-wide and governmental fund financial statements, as applicable.

##### **Capital Assets and Depreciation**

The accounting and reporting treatment applied to the capital assets associated with a fund are determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental funds and capitalized in the government-wide statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life of more than one year. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund capital assets are the same as those used for the general capital assets. Acquisition, construction, and installation costs incurred have been charged to (or capitalized in) capital assets.

Depreciation of capital assets is computed using the straight-line method. The estimated useful lives for these depreciable assets are as follows:

- |                           |                |
|---------------------------|----------------|
| • Buildings               | 20 to 50 years |
| • Improvements            | 20 years       |
| • Machinery and equipment | 5 to 10 years  |
| • Licenses and vehicles   | 5 years        |

# ESPARTO COMMUNITY SERVICES DISTRICT

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

### Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Compensated Absences**

All vacation pay is accrued when incurred in the government-wide statements. The current District policy allows the payment of unused sick leave upon termination of employment if employee meets defined longevity criteria.

#### **Long-Term Obligations**

Long-term debt is recognized as a liability of a governmental fund when due or when resources have been accumulated for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund. Long-term liabilities expected to be financed from proprietary fund operations are accounted for in those funds.

#### **Unearned Revenues**

Unearned revenue in governmental funds arise when a potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period. Unearned revenue also arise when resources are received by the District before it has legal claim to them (i.e., when grant monies are received prior to the incurrence of qualifying expenditures).

#### **Fund Balance**

Reserves represent those portions of fund balance not appropriable for expenditures or legally segregated for a specific future use. Designated fund balances represent tentative plans for future use of financial resources.

#### **Operating Revenues and Expenses in Proprietary Funds**

The District’s proprietary funds distinguish between operating and nonoperating revenues and expenses. Operating revenues and expenses of the District’s Water and Sewer funds consist of charges for services and the costs of providing those services, including depreciation and excluding interest cost. All other revenues and expenses are reported as nonoperating.

#### **Net Position**

The government-wide financial statements utilize a net position presentation. Net position is categorized as invested in capital assets (net of related debt), restricted, and unrestricted.

- *Invested in Capital Assets, Net of Related Debt* – This category groups all capital assets into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- *Restricted Net Position* – This category presents external restrictions imposed by creditors, grantors, contributors, laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- *Unrestricted Net Position* – This category represents net position of the District not restricted for any project or other purpose.

In the government-wide financial statements, when both restricted and unrestricted resources are available for use, it is the government’s policy to use restricted resources first, then unrestricted resources as they are needed.

# ESPARTO COMMUNITY SERVICES DISTRICT

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

### Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Fund Equity**

In accordance with GASB No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, the District classifies governmental fund balances as follows:

- *Non-spendable* – includes amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- *Restricted* – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors of amounts constrained due to constitutional provisions or enabling legislation.
- *Committed* – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end.
- *Assigned* – includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance maybe assigned by the District Manager or Department Heads with District Council approval.
- *Unassigned* – includes positive fund balance within the General Fund which has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The District uses restricted or committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents or contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

#### **Interfund Activity**

Interfund activity is reported as either loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditure/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or between proprietary funds are netted as part of the reconciliation to the government-wide financial statements.

#### **Budgetary Policy and Data**

The District Board annually adopts a District-wide budget for the District. The General Manager is responsible for preparing estimated revenues and expenditure recommendations for the next year's budget. The District Board adopts the budget by resolution on or before June 30. Budget appropriations lapse at the end of the year.

#### **Estimates and Assumptions**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

# ESPARTO COMMUNITY SERVICES DISTRICT

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

### Note 2 CASH AND CASH EQUIVALENTS

The District maintains its cash in a pool managed by the County of Yolo Treasury. The County Treasury, in turn, invests its cash with the State of California in the local agency investment fund as well as other banking institutions. The District does not own any specific identifiable investments in the pool. The District also has funds in a commercial bank for timely deposits, but ultimately all money is eventually deposited with the County.

Cash and investments as of June 30, 2022 are classified in the accompanying financial statements as follows:

|                                      | <u>Governmental</u> | <u>Business-type</u> | <u>Total</u>        |
|--------------------------------------|---------------------|----------------------|---------------------|
| Cash in Yolo County Treasury:        |                     |                      |                     |
| Funds on deposit                     | \$ 36,562           | \$ 314,272           | \$ 350,834          |

The reserved funds are set aside for capital assets. Certain proceeds of enterprise fund's USDA loans, as well as certain resources set aside for their repayment, are classified as restricted funds for USDA because their use is legally restricted. Restricted funds for USDA are not available for general operational expenses.

#### **Credit risk**

GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, requires additional disclosures about a government's deposits and investments risk that include credit risk.

Cash in Yolo County is not rated as to credit risk.

The California Government Code requires California banks and savings and loan associations to collateralize a District's deposits by pledging government securities. The market value of pledged securities must equal at least 110 percent of a District's deposits. California law also allows financial institutions to collateralize District deposits by pledging first trust deed mortgage notes having a value of 150 percent of a District's total deposits. The District may waive collateral requirements for deposits which are fully insured up to \$250,000 by Federal Deposit insurance.

At year end, the carrying amount of the District's cash in local bank and on hand was \$852,065 and the bank balance was \$829,091. Differences between the bank balance and the carrying amount represents outstanding checks and deposits in transit. The bank balances are insured/collateralized as noted above.

#### **Other risk**

GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, also requires additional disclosures about a government's deposits and investments risk that include custodial credit risk, concentration of credit risk and interest rate risk.

### Note 5 PENSION PLAN

#### A. GENERAL INFORMATION ABOUT THE PLAN

**Plan Description:** The District's defined benefit pension plans, the Miscellaneous Plans of the Esparto Community Services District, provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The Miscellaneous Plans of the Esparto Community Services District are part of the California Public Employees' Retirement System (CalPERS), an agent multiple-employer plan administered by CalPERS, which acts as a common investment and administrative agent for participating public employers within the State of California. A menu of benefit provisions as well as other requirements are established by State statutes within the Public Employees' Retirement Law. CalPERS issues a separate comprehensive annual financial report. Copies of the CalPERS annual financial report may be obtained from the CalPERS Executive Office - 400 P Street -Sacramento, California 95814.

**Benefits Provided:** CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50-55 with statutorily reduced benefits. Death benefits are the pre-retirement Optional Settlement 2W Death Benefit, and the post-retirement death benefit lump sum. The cost of living adjustments for each plan are applied as specified by the Public Employees Retirement Law.

**Funding Policy:** The District makes contributions required as the employer. Employee members are required to make contributions of their annual covered salary in an amount depending upon date of hire. The contribution requirements of the plans are established and may be amended by CalPERS. Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for the Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The District is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

# ESPARTO COMMUNITY SERVICES DISTRICT

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

### Note 5 PENSION PLAN (continued)

#### B. PENSION LIABILITIES, PENSION EXPENSES AND DEFERRED OUTFLOWS/INFLOWS OF RESOURCES RELATED TO PENSIONS

As of June 30, 2022, the District reported net pension liabilities for its Proportionate Share of the Net Pension Liability of the Plan in the amount of \$239,439.

The District's net pension liability for its Plans with CalPERS is measured as the proportionate share of the net pension liability. The net pension liability of the Plans are measured as of June 30, 2021, and the total pension liability for the Plans used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020 rolled forward to June 30, 2022 using standard update procedures.

The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

The District's proportionate share of the Miscellaneous Plan's net pension liability as of June 30, 2021 and June 30, 2022 was as follows:

|               | Miscellaneous |
|---------------|---------------|
| June 30, 2021 | 0.01002%      |
| June 30, 2022 | 0.01261%      |

The District's pension expense for the year ended June 30, 2022 is \$70,965.

At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to this pension plan from the following sources:

|                                                                                     | <u>Deferred Outflows<br/>of Resources</u> | <u>Deferred Inflows<br/>of Resources</u> |
|-------------------------------------------------------------------------------------|-------------------------------------------|------------------------------------------|
| Changes of assumptions                                                              | \$ -                                      | \$ -                                     |
| Differences between expected and actual experience                                  | 26,851                                    | -                                        |
| Differences between projected and actual investment earnings                        | -                                         | 209,018                                  |
| Differences between District contributions and proportionate share of contributions | -                                         | 41,748                                   |
| Change in District's proportion                                                     | 16,112                                    | -                                        |
| Pension contributions subsequent to the measurement date                            | <u>31,410</u>                             | <u>-</u>                                 |
| Totals                                                                              | <u>\$ 74,373</u>                          | <u>\$ 250,766</u>                        |

\$31,410 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to this pension plan will be recognized as pension expense as follows:

| Year Ended<br><u>June 30,</u> |             |
|-------------------------------|-------------|
| 2023                          | \$ (50,379) |
| 2024                          | (49,823)    |
| 2025                          | (49,839)    |
| 2026                          | (57,762)    |
| Thereafter                    | -           |

# ESPARTO COMMUNITY SERVICES DISTRICT

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

### Note 5 PENSION PLAN (continued)

#### C. ACTUARIAL ASSUMPTIONS

The total pension liability for this plan's actuarial valuation was determined using the following actuarial assumptions:

|                           | <u>Miscellaneous Plans</u>                                                          |
|---------------------------|-------------------------------------------------------------------------------------|
| Valuation Date            | June 30, 2020                                                                       |
| Measurement Date          | June 30, 2021                                                                       |
| Actuarial Cost Method     | Entry-Age Normal in accordance<br>with the requirements of GASB<br>Statement No. 68 |
| Actuarial Assumptions:    |                                                                                     |
| Discount Rate             | 7.15%                                                                               |
| Inflation                 | 2.75%                                                                               |
| Projected Salary Increase | Varies by Entry Age and Service                                                     |
| Investment Rate of Return | 7.50% <sup>1</sup>                                                                  |

<sup>1</sup> Net of pension plan investment expenses, including inflation

#### D. DISCOUNT RATE

The discount rate used to measure the total pension liability was 7.15% for each Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.15 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long-term expected discount rate of 7.15 percent will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

CalPERS is scheduled to review all actuarial assumptions as part of its regular Asset Liability Management (ALM) review cycle that is scheduled to be completed in February 2022. Any changes to the discount rate will require Board action and proper stakeholder outreach. For these reasons, CalPERS expects to continue using a discount rate net of administrative expenses for GASB 67 and 68 calculations through at least the 2022-23 fiscal year. CalPERS will continue to check the materiality of the difference in calculation until such time as they have changed their methodology.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

# ESPARTO COMMUNITY SERVICES DISTRICT

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

### Note 5 PENSION PLAN (continued)

#### D. DISCOUNT RATE (continued)

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

| <u>Asset Class</u>            | <u>New Strategic<br/>Allocation</u> | <u>Real Return<br/>Years 1–10<sup>1</sup></u> | <u>Real Return<br/>Years 11+<sup>2</sup></u> |
|-------------------------------|-------------------------------------|-----------------------------------------------|----------------------------------------------|
| Global Equity                 | 47.0%                               | 5.25%                                         | 5.71%                                        |
| Global Fixed Income           | 19.0                                | 0.99                                          | 2.43                                         |
| Inflation Sensitive           | 6.0                                 | 0.45                                          | 3.36                                         |
| Private Equity                | 12.0                                | 6.83                                          | 6.95                                         |
| Real Estate                   | 11.0                                | 4.50                                          | 5.13                                         |
| Infrastructure and Forestland | 3.0                                 | 4.50                                          | 5.09                                         |

<sup>1</sup> An expected inflation of 2.5% used for this period

<sup>2</sup> An expected inflation of 3.0% used for this period

#### E. SENSITIVITY OF THE PROPORTIONATE SHARE OF THE NET PENSION LIABILITY TO CHANGES IN THE DISCOUNT RATE

The following presents the District's proportionate share of the net pension liability for each Plan, calculated using the discount rate for each Plan, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

|                                      | Discount Rate – 1%<br><u>(6.15%)</u> | Current Discount<br>Rate <u>(7.15%)</u> | Discount Rate + 1%<br><u>(8.15%)</u> |
|--------------------------------------|--------------------------------------|-----------------------------------------|--------------------------------------|
| Plan's Net Pension Liability/(Asset) | \$ 484,055                           | \$ 239,439                              | \$ 37,219                            |

### Note 6 OTHER POST-EMPLOYMENT BENEFITS (OPEB)

#### A. GENERAL INFORMATION ABOUT THE PLAN

**Plan Description** – The District provides lifetime retiree medical coverage to eligible employees who retire from the district with a CalPERS pension. Coverage is extended to dependents and surviving spouses of eligible retirees. The medical plan benefits are contracted with the California Public Employees' Retirement System under the public Employees' Medical and Hospital Care Act (PEMHCA).

**Eligibility and Contribution Requirements** – For employees hired before January 1, 2013 eligibility to retiree with a CalPERS Pensions is at least age 50 with 5 years of service. For employees hired on or after January 1, 2013 eligibility to retiree with a CalPERS Pensions is at least age 52 with 5 years of service.

The District will contribute up to 80% of the basic PERs Select Sacramento Area rates for medical coverage, and the retiree shall pay any cost above this maximum. The monthly maximums for 2021 and 2022 are shown in the table below.

| Number of retired members and beneficiaries  | 3                |
| Inactive Participants with deferred benefits | <u>0</u>         |
| Total                                        | <u><u>10</u></u> |

#### B. ACTUARIAL ASSUMPTIONS

The total OPEB liability, measure as of June 30, 2022, was determined using the following actuarial assumptions:

|                                                 |                                                                                                                                                                    |
|-------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Actuarial valuation                             | June 30, 2021                                                                                                                                                      |
| Measurement date                                | June 30, 2021                                                                                                                                                      |
| Contribution policy                             | Pay-as-you-go method under which contributions to the plan are generally made at the same time and in the same amount as retiree benefits and expenses become due. |
| Discount rate                                   | 2.16% at June 30, 2021 (20-year bond General Obligation index)                                                                                                     |
| Expected long-term rate of return on investment | N/A – The District has reported no plan assets as of June 30, 2021                                                                                                 |
| Inflation rate                                  | 2.26% per annum                                                                                                                                                    |
| Mortality                                       | Based on CalPERS 2017 experience study                                                                                                                             |
| Health care cost trend rate                     | Actual for fiscal year 2022, gradually decreasing over several decades to an ultimate rate of 4.00% after fiscal year 2069 and later years.                        |

#### C. DISCOUNT RATE

The discount rate used to measure the total OPEB liability was 2.16%. This discount rate is the 20-year bond General Obligation rate.

#### D. SENSITIVITY OF THE TOTAL OPEB LIABILITY TO CHANGES IN THE DISCOUNT RATE

The following presents the total OPEB liability of the District, as well as what the total OPEB liability would be if it were calculated using a discount rate that is one percentage point lower or one percentage point higher than the current rate, for the measurement period ended June 30, 2022:

| Plan's Total OPEB Liability  |                                  |                               |
|------------------------------|----------------------------------|-------------------------------|
| Discount Rate -1%<br>(2.50%) | Current Discount Rate<br>(3.50%) | Discount Rate + 1%<br>(4.50%) |
| \$ 1,939,616                 | \$ 1,619,255                     | \$ 1,370,883                  |

## NOTES TO THE BASIC FINANCIAL STATEMENTS FOR THE FISCAL YEAR ENDED JUNE 30, 2022

### Note 6 OTHER POST-EMPLOYMENT BENEFITS (OPEB) (continued)

#### I. DEFERRED OUTFLOWS/INFLOWS OF RESOURCES RELATED TO OPEB

At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to this OPEB plan from the following sources:

|                                                    | <u>Deferred Outflows<br/>of Resources</u> | <u>Deferred Inflows<br/>of Resources</u> |
|----------------------------------------------------|-------------------------------------------|------------------------------------------|
| Differences between expected and actual experience | \$ 28,915                                 | \$ 483,273                               |
| Changes of assumptions                             | 369,749                                   | 69,155                                   |
| Contributions to OPEB plan after measurement date  | <u>43,508</u>                             | <u>-</u>                                 |
| Totals                                             | <u>\$ 442,172</u>                         | <u>\$ 552,428</u>                        |

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

| <u>Year Ended<br/>June 30,</u> |             |
|--------------------------------|-------------|
| 2023                           | \$ (25,108) |
| 2024                           | (25,108)    |
| 2025                           | (25,108)    |
| 2026                           | (25,108)    |
| 2027                           | (25,108)    |
| Thereafter                     | (28,224)    |

### Note 7 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; damage to, and theft or destruction of assets; errors and omissions; injuries to employees; and natural disasters. During 2022, the District contracted with private insurance agencies for liability, property, crime damage, and employee and director insurances.

### Note 8 SUBSEQUENT EVENT

Management of the District has evaluated the events subsequent to June 30, 2022 for disclosure and has determined that as of June 21, 2023 there are no material subsequent events that should be disclosed. If events requiring disclosure have occurred between the balance sheet date and the date the financial statements were available to be issued they would be disclosed here.
